

Peridot class

Welcome to the new term, I hope you all had a wonderful break and didn't eat too many Easter eggs!

We have a new exciting topic where we will be learning all about myths and legends, firstly looking at Pandora's box.

In literacy we will be continuing to look at all the different skills we need to include in our writing which include cohesive devices and present perfect tense.

This term in PE we are going to be

going swimming on Thursdays so don't forget swimming kit and the £3.00 voluntary contribution. You can pay for 6 weeks together or pay weekly if you prefer.

Also this term, we are doing

rounders so your child will need to have a pair of trainers and a school kit for use outside.

In science we are going to be looking at materials and states of change. There will be lots of practical experiments which are always a great way of learning. Following the 'thinking, talking, doing' science course, we will also be looking at the odd one out and higher order thinking.

Currently, I am looking at planning a school trip in the second summer term, I will let you know as soon as something is planned.

If there is anything I can help you with or you feel I need to know, please feel free to catch me at the end of the day, or alternatively make an appointment at the office for a more convenient time.

I look forward to a new term and lots of learning!

Mrs Tranter
