

Dear Parents,

In Emerald this half term we will be exploring rivers. This promises to be an exciting geography topic which I'm sure the children will enjoy.

Our P.E days are Tuesday (swimming) and Wednesday; your child will need indoor and outdoor footwear.

Please ensure that your child has a snack and water bottle every day.

Homework will be set on a Friday and expected in by the following Friday.

Please encourage your child to read for 20 minutes every night and complete TT Rock Stars, Hit the Button or Multiplication Check at least 2x p/w - links on class X page.

If you have any questions, please come and see me at the beginning or end of the day or send an email during working hours.

Many thanks.

In ICT we will:

looking at the many, different ways that data can be logged and then examined.

As linguists we will:

be learning about French words and phrases when discussing music.

As designers we will:

Be learning about how to design and then construct a slingshot car.

As scientists we will:

be learning about food chains and animal groups. We will be exploring producers and consumers within these chains.

As mathematicians we will

look at decimals and percentages. Then we'll make a link with previous work on fractions.

1	1-0	100%
$\frac{3}{4}$	0.75	75%
$\frac{2}{3}$	0.6	66%

## Summer Term

# Emerald Class Summer Term 2025

Where will this river  
take us?

As writers we will be

learning about how to structure an information text and make decisions as to what information we should include.

In geography we will look at the journey of a river.

As athletes we will:

be developing our skills in striking and fielding games.

As believers we will:

Look at the key concepts and beliefs in Islam.

As authors we will:

Be reading the book 'Race to the Frozen North' by Catherine Johnson.
