

Welcome back, Sapphire Class, from Mr Green, Mrs Pickworth, Miss Scales, and our little Sapphire gems. We hope you had a wonderful half term and enjoyed some time in the sunshine!

Our P.E. days this term are Tuesday and Wednesday. All children should come prepared for both indoor and outdoor P.E. with suitable footwear and an extra bag for any muddy shoes. Please ensure children have clothing suitable for all weather conditions.

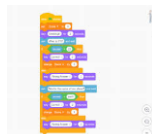

Mathletics, Numbots, EdShed (Spelling Shed), and BBC Bitesize are all platforms children can use at home to support their learning. A homework sheet has also been sent home with exciting tasks to complete. High-quality work will be rewarded and displayed. We hope the tasks are fun, engaging, and enjoyable for everyone.

In humanities, we will be learning about where Africa is and comparing its climate to the UK. We will be looking at what we would need in Africa to go on a Safari.

As scientists we will continue to look at living things and their habitats. We will learn how food chains work and how animals survive in their habitats

In Computing, we will be learning how we can create programmes, we will then be able to make digital quizzes.

As mathematicians, we will continue to use manipulatives to support us in looking at time. It would be great to have conversations at home when relevant for time. We will then progress to statistics and direction.

Winchelsea Primary School

'All individuals matter'

As authors, we will be continuing to consolidate our writing skills. We will focus on using conjunctions to connect sentences together and creating more complex sentences. We will now be looking at using our sponge cake to create the perfect sized handwriting.

In PE, we will be looking at exploring our physical literacy skills. On a Wednesday afternoon we are lucky enough to have Coach Laura to take the skills learnt into invasion games.

In RE with Mrs Jones, we will be looking at various world views and how they differ from Christianity.

P.S.H.E will allow us to look forward to our transition into KS2.

We will be consolidating our new school values and rules during assembly.

In music, we will continue to be taught by Mr Roberts from the Music service. We will continue to learn how to play an instrument as a whole class. Making different melodies.

As readers, we will be progressing with Read, Write Inc. Children will continue to make great progress, some children will be focussing on the speed of their reading and fluency. Children will take books home on a weekly basis to read alongside practice words; it is important these are kept in their bags each day so they can be swapped. Please make notes in their reading records when they read (or you can also record when you read to your child).
