Welcome back Sapphire class with Mr Green, Mrs Morley and our little Sapphire gems. We hope you had a great week off and are rested and ready for lots of fun and exciting learning as we approach Christmas.

Our P.E days are Monday and Tuesday this term. All children should be prepared for P.E outside and inside with different footwear and an extra bag for any muddy shoes.

Mathletics, TT Rockstars, Numbots and BBC Bitesize are all platforms' children can use at home to help with their learning and a homework sheet has gone out with exciting tasks to complete at home. High quality work is rewarded and displayed. I hope the tasks are fun and engaging.

In humanities, we will be looking at the Great Fire of London. We will also discuss the Gunpowder Plot within this. We are hoping to make some of these lessons interactive and exciting for all children. We also have an exciting experience day planned.

As scientists we will be learning about changing materials. This includes learning about properties of materials.

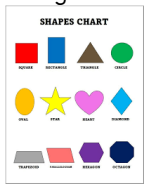

In Computing, we will be looking at how computer networks make our lives easier and what we can use technology for.

As mathematicians, we will continue to use manipulatives to support us in adding and subtracting. Then we will make shapes and look at the properties as we get closer to Christmas.

White Rose Maths

Winchelsea Primary School

'All individuals matter'

As authors, we will be continuing to consolidate our basic writing skills. We will focus on structuring simple sentences with capital letters, full stops and finger spaces. We will also work on our handwriting.

In PE, we will be looking at multi skills including physical literacy and FUNdamentals. In our other session children will be learning how to use gymnastics equipment safely with friends.

In RE children will be exploring sacred texts looking at Islam, learning about the 5 pillars.

P.S.H.E will allow us to understand more about citizenship and our rights.

We will be exploring our school values and rules during assembly at the start of term.

As artists, we will be looking at craft and design. We will making artistic maps and creating an art gallery to review our work.

In music, we will continue to be taught by Mr Hardacre as we work towards a musical performance for assembly.

As readers, we will be progressing with Read, Write Inc. Testing and grouping is now complete, and groups are tailored to make the best progress for every child. Children will take books home on a weekly basis to read; it is important these are kept in their bags each day so they can be swapped. Please make notes in their reading records when they read (or you can also record when you read to your child).
