All Individuals Matter

WINCHELSEA PRIMARY SCHOOL **RUSKINGTON**

ADMINISTERING MEDICINE POLICY

Part 1: Introduction

Wherever possible, parents should ask their GP to prescribe medication in dose frequencies which enable it to be taken outside school hours. However, if parents wish the school to administer the medication (in loco parentis) they should complete the appropriate paperwork, at the school office, detailing the medication to be given along with the frequency, dosage and any other relevant information (e.g. interaction with other medicines such as paracetamol). However, parents may choose to administer medicine to their children at the necessary times in person.

Oral information from the pupil or parents will not be acted upon.

Please note that it is the parent's responsibility to collect the medication at the end of the day and bring it back into school the next day, along with any paperwork. Parents are also responsible for disposing of any unused medication.

Part 2: Procedures

The parent must supply the medication in a suitable container clearly labelled with:

- The child's name
- The name of the medicine
- The method, dosage and timing of administration
- The date of issue
- The expiry date

Details of possible side effects should also be given.

The medicines should preferably be packed and labelled professionally. Where possible, not more than one week's supply should be sent at one time.

It is important that an up-to-date record of the parent's home and work telephone numbers be kept so that they can be contacted at any time.

Medicines will be kept in a safe place, separate from the first aid box. Bronchodilators and medications needed in an emergency will be readily accessible. The class teacher will be responsible for administering the necessary medication.
